

1

2

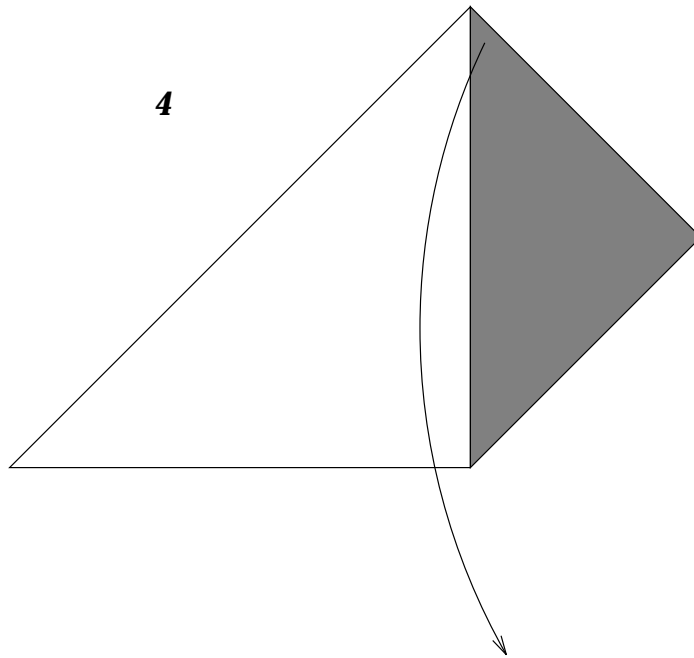

3

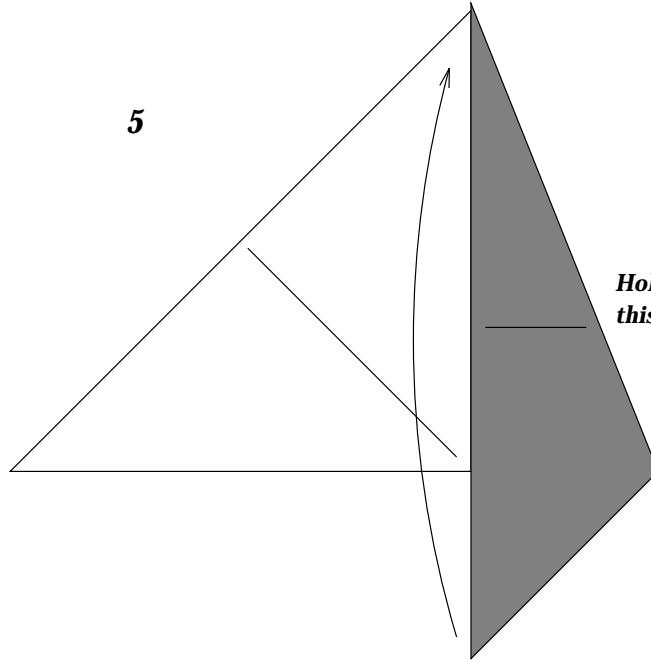

This is a folded line

4

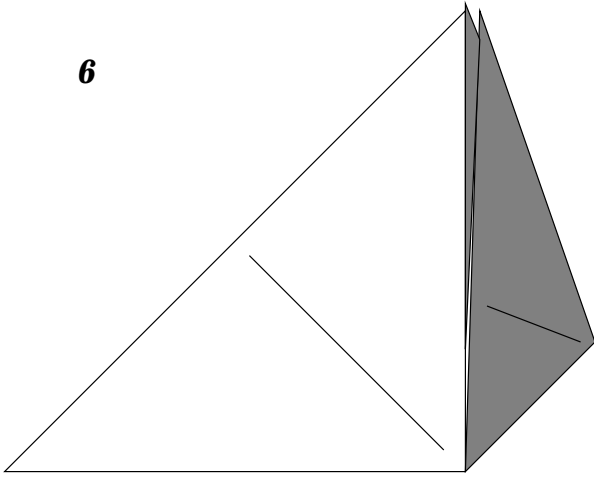

From this point on, repeat all folds on both sides

5

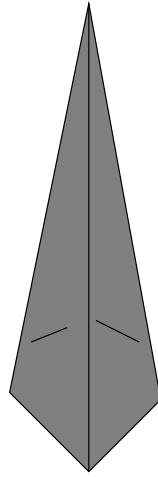

Hold your finger on this line when folding

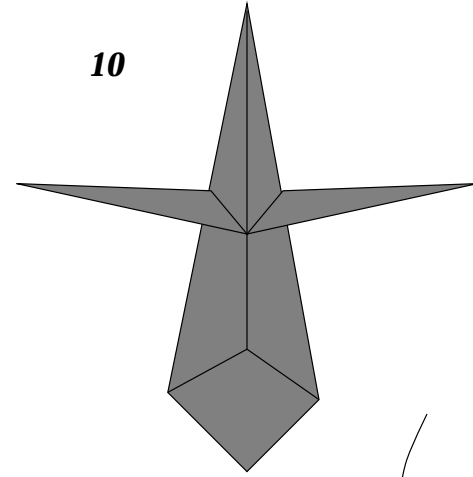

6

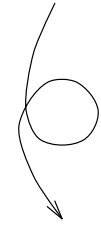

8

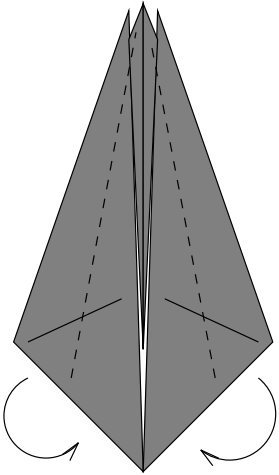

10

Turn the figure around

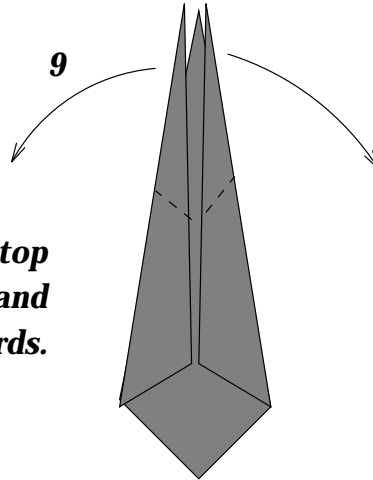

7

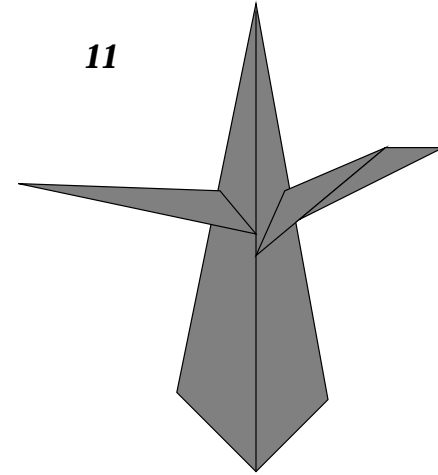

**Fold behind
along the dotted
line.**

9

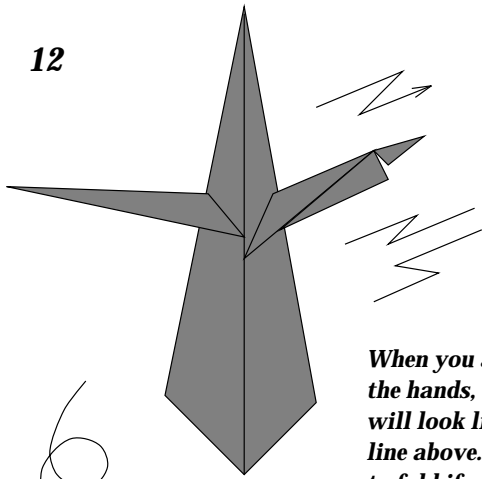

**Grab the top
points and
fold outwards.**

11

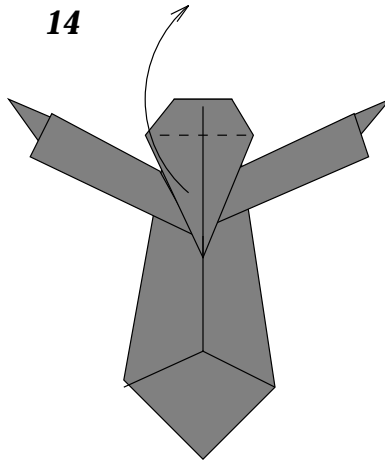

**Lift the top layer so that
the arms become straight.**

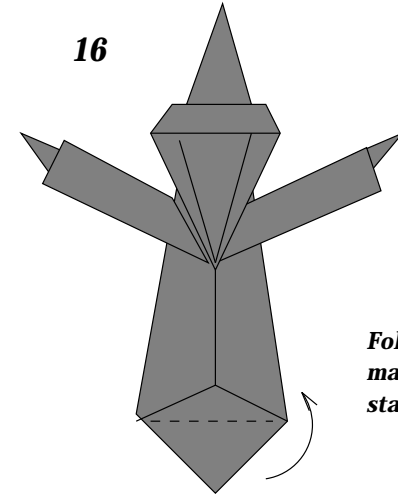

12

When you are folding the hands, the paper will look like the zig-zagged line above. It might be easier to fold if you partly unfold the whole figure.

Turn around again

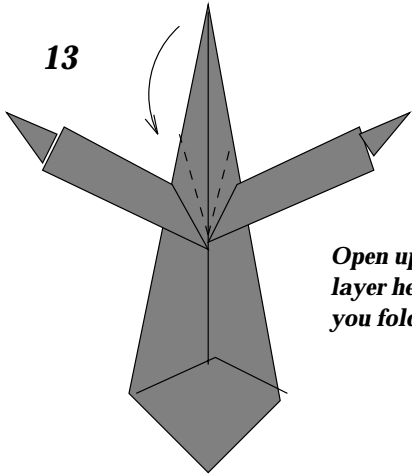

14

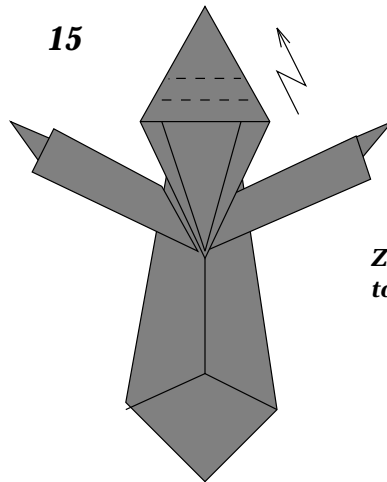

16

Fold behind to make the WoSaT stand.

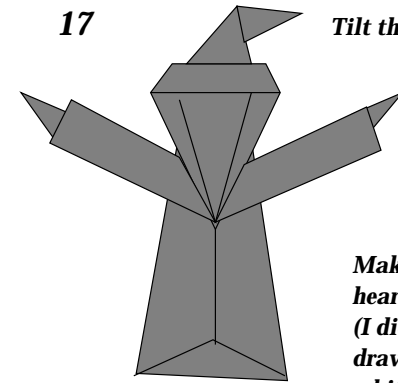

13

Open up the inner layer here when you fold down

15

Zig-zag-fold to make cowl

17

Tilt the cowl

Make the cowl heartshaped. (I didn't want to draw it, as it is a bit difficult to draw)

18 - Finished WoSaT!
